Dear Chief / Proprietor

Thank you for giving us the opportunity to introduce Cornvale Foods to you.

Cornvale is a small, independent, specialised food company based in the heart of the Lune Valley, overlooking the River Lune and surrounded by farm land.

We produce and supply high quality food products for discerning Hotels, Restaurants and Cafés, such as yourselves. We have approached you as we believe that the quality of the products that you purchase matters to you, as much as it matters to us.

To ensure this, we follow the journey of the animal from Field to Fork.

Local produce

We are passionate about. All our Pork and Lamb are reared for us on farms within a 15-mile radius of Cornvale. Our Beef is sourced from Lancashire and Yorkshire.

Relationship

Cornvale has dealt with the same farmers for over 20 years. Building these long-lasting relationships has ensured that we are only supplied with the best, consistently and without compromise.

Wellbeing

We take the welfare of the animals very seriously. The farms we buy off are small, the animals are free to wonder and when they are ready, the slaughter house is local. All these factors put together mean the end product is so much better than the usual run of the mill, mass produced, tasteless piece of meat.

Homemade

We butcher all our meat, make all our sausages and burgers and cure our own Pancetta in house. This, again, ensures that the product is just how it should be - freshly prepared and cut to your own requirements.

Because we are small, we are flexible

Because we are flexible, we can butcher to your own specification and make burgers and sausages to your own recipes. We have no standard pack sizes, what you want, is what you get.

Anything you need, we can supply

it is not all about the meat. We supply fresh Fruit & Vegetables, Prepped Vegetables, Free Range Milk & Cream, Bread, Cheeses and Deli meats.... the list goes on!

What we offer at Cornvale

- Unrivalled quality
- Value for money - a fair balance of quality and price
- Excellent customer service
- Flexibility
- Traceability
- Complete product range
- Individuality – we are different from large companies that all offer the same

If you would like to make a change for the better, please give us a call. We would be more than happy to come see you. Alternatively, if you would like to come and see what we do - you are more than welcome.

We have included a basic product list for you to look at. We hope these will be of interest.

We look forward to hearing from you
